May 14, 2024 - May 17, 2024	**DRI CANADA Training** 09:00 AM - 05:00 PM EST *CRLE 2000 - Cyber Resilience for the Business Continuity Professional* *4-day Course (May 14-17 2024)* *Organizations today are confronted by a wide range of cyberattacks, and your organization is no exception. There are countless opportunities for hackers to cause massive disruptions, all of which will require a response that will involve you. That's why this course is an absolute must. More than just another statement of the problem, Cyber Resilience for the Business Continuity Professional is an information-packed four-day experience that will provide an understanding of how to address cyber disruptions within a business continuity framework.*

The objectives of the course are to:

Provide students with detailed instruction, framework, and guidance for implementing the concepts essential to combining cyber security and business continuity into an effective Cyber Resilience program.
Prepare students with actionable recommendations to represent an appropriate "value proposition" to an organization's executive management that will help to ensure any investment necessary to step up to a strong Cyber Resilience program.
Have students engage in cyber/BCM based exercises to help understand the issues you will face.
Share experiences with other professionals.
Prepare to pass the Cyber Resilience Examination, so you can be certified as a DRI International Certified Cyber Resilience Professional.

May 21, 2024 - May 24, 2024	**Vanguard EMC Training** 09:00 AM - 12:00 PM EST *BCM for Government of Canada (FED BCM)* *MAY 21-24 (09h00-12h00 EST)* *A four-day virtual classroom interaction providing the required methodology for developing Canadian Government-mandated programs. The course is consistent with the Emergency Management Act (2011), Policy on Government Security (TBS, 2019), and the Business Continuity Management Program Guide (Centre for Resiliency and Continuity Management, Public Safety Canada, 2023 Edition). Train your team - Strengthen Resiliency! $1575 +HST* *REGISTER*

June 13, 2024 - June 14, 2024	**DRI CANADA Training** 09:00 AM - 05:00 PM EST *CRP 501 - Cyber Resilience Review* *2-day Course (June 13-14 2024)* *There are countless opportunities for hackers to cause massive disruptions, all of which require a coordinated, collaborative response – and no organization is immune. Cyber Resilience Review is a fast-paced, two-day course that is built for the experienced resilience professional. Collaboration amongst areas is prime for a prompt, effective and efficient response, and with this course, you'll be able to take steps to make that happen in your organization.* *The objectives of this course are to:* *Provide students with detailed instruction, framework, and guidance for implementing the concepts essential to combining cyber security and business continuity into an effective Cyber Resilience program.* *Prepare students with actionable recommendations and best practices to represent an appropriate "value proposition" to an organization's executive management that will help to ensure any investment necessary to step up to a strong Cyber Resilience program.* *Provide practical examples in cyber, response, and recovery scenarios to help understand the issues you will face.* *Share experiences with other professionals.* *Prepare to pass the Cyber Resilience Examination, so students can take the next steps toward being certified as a DRI International Certified Cyber Resilience Professional.*
