The annual conference will feature a day of ARCI Organizational meetings - Model Rules Committee, Annual Business Meeting/Election of Directors, and a Board of Directors Meeting. There will also be a day and half of timely presentations on issues affecting professional horseracing with an emphasis on equine safety, contest integrity and wagering policies. For over 80 years, the ARCI has been the recognized authority on racing regulatory matters. It develops best practice regulatory policies and standards that are recommended to all racing regulatory authorities. It's policies are not limited to any one country or breed of racing and are the result of the collective expertise of experts with considerable experience in the areas they impact.
