Diversity in Water Speaker Series: Jose Hernandez

05:30 PM - 06:30 PM EST

Good afternoon!

Please welcome our next Diversity in Water Speaker, Jose Hernandez with city of Cleveland's water! We are closing in our 2nd year of hosting these every other month.

The event will be held virtually via Zoom; to receive the meeting link, please RSVP here: <https://www.eventbrite.com/e/diversity-in-water-jose-hernandez-september-2022-registration-391199587497>.

The Diversity in Water Speaker Series invites leaders in Ohio's water industry from diverse backgrounds to discuss their careers, lend us their life lessons, and help lead the discussion on championing diversity within the water industry and in our day-to-day lives.

Diversity in Water Speaker Series: Jose Hernandez

Date / Time: Thursday, September 8, 2022 at 5:30 PM, ET

José N. Hernández, P.E. is the Manager of Engineering for Cleveland Water in Cleveland, Ohio. Cleveland Water is the 10th largest potable water utility in the United States serving 1.5 million customers in 78 municipalities in northeast Ohio. José has authored technical articles in engineering and water industry publications, as well as a chapter in the Steel Tank Handbook for the American Waterworks Association (AWWA). He has over 28 years of experience in the utility engineering field; has worked or managed over 100 design and construction projects; and has four patents pending in the areas of liquid tank mixing and valves.

He was born in Caguas, Puerto Rico on October 6, 1966. He graduated Valedictorian of his high school class at Notre Dame High School in Caguas. He attended and received degrees in Bioengineering and Mechanical Engineering from the University of Pennsylvania in Philadelphia. He relocated to Cleveland in 1994 where he is a frequent motivational speaker to schoolchildren throughout the community. He has also been a mentor to dozens of high school and college engineering-oriented students for the past 20 years.

José's hobbies include historic reenactments of the American Revolutionary War, and the Spanish Regiments of the Americas of the 18th century; tropical fishkeeping; tool collecting and home improvement.

José N. Hernández, P.E. es el Administrador de Ingeniería de Agua de Cleveland en la ciudad de Cleveland, Ohio. Agua de Cleveland es la décima utilidad de agua más grande de los Estados Unidos sirviendo a 1.5 millones de consumidores en 78 municipalidades en el noreste de Ohio. José ha sido autor de artículos técnicos en publicaciones de ingeniería y de la industria del agua, así como de un capítulo de el Manual de Tanques de Acero de la Asociación Americana del Agua (AWWA). El tiene más de 27 años de experiencia en el campo de ingeniería de utilidades; ha trabajado o administrado más de cien proyectos de construcción; y tiene cuatro patentes pendientes en las áreas de mezcla de líquidos en tanques y de válvulas.

José nació en Caguas, Puerto Rico el 6 de octubre de 1966. Se graduó de la escuela superior Notre Dame en Caguas con el honor de Valedictorian. Atendió y recibió títulos de bioingeniería e ingeniería mecánica de la Universidad de Pennsylvania en Filadelfia. Se mudó a Cleveland en 1994 donde hace frecuentes presentaciones de motivación a jóvenes en las escuelas de la comunidad. El también ha sido mentor de docenas de estudiantes de escuela superior y de universidad por los pasados 20 años interesados en ciencias e ingeniería.

Los pasatiempos de José incluyen las recreaciones históricas de la guerra de revolución americana y de los regimientos españoles de America del siglo 18; la colección de peces tropicales; la colección de herramientas; y el arreglo y mejoras de casas.

We have a YouTube channel where you can see any talks you missed! <https://www.youtube.com/channel/UC3G0bz3nV4GzAFvgTZbpCrA>
