Presenter: Centauri Health Solutions

Description: With an uptick in uninsured patients due to current events, hospitals and health systems are experiencing significant challenges. Getting reimbursed for the care you are providing is more important now than ever. Using an Enrollment and Eligibility vendor could significantly impact your bottom line—but how do you know what programs are best for your facility, what criteria you should use when choosing a vendor, and once you choose, how do you gauge their performance? Join this webinar for an in-depth look at the Enrollment & Eligibility process and to learn how working with the right vendor can help you achieve optimal results during the pandemic and beyond.
