One Health ? Reflections, Challenges and the Need for Professional Transformation
04:00 PM - 05:00 PM EST

Dr. Lonnie King will present “One Health – Reflections, Challenges and the Need for Professional Transformation” This presentation offers a reflection of key One Health Strategies and accomplishments over the last several decades. It will also discuss critical headwinds and challenges faced by One Health that need to be addressed to ensure future success. The webinar describes several important innovations, insights and practices that, if adopted, could increase the likelihood of success based on One Health’s challenges today. The program makes the case that the future success of the profession will be defined by how it meets the changing needs of society and, as it has done in the past, will need to undergo a profound transformation and review new competences needed for One Health practitioners.

This webinar has been granted up to one hour of CE credit by RACE. Participants must be active members of the ACVPM or its partner organizations and must participate for at least 50 minutes of the webinar to receive a one hour CE certificate.

When: 26 March 2026 at 5:00 pm Eastern

Where: Zoom Webinar

Cost: Free! (a benefit of being an active or emeritus ACVPM Diplomate, an ACVPM candidate, or an active member of AAFSPHV, NAFV, NASPHV, or USAHA)

To Register for the Webinar: Click [HERE](#)

9th World One Health Conference - save the dates!

08:00 AM - 05:00 PM MEA

Join us at the 9th World One Health Congress in Lisbon, Portugal!

In 2026, the World One Health Congress returns for its ninth edition, bringing together a global community of experts dedicated to advancing One Health science and policy. Over the course of four days, the Congress will feature a dynamic and forward-thinking agenda, with parallel tracks covering One Health science, antimicrobial agents and resistance, and the science-policy interface, among other critical topics.

This leading international forum will foster discussions on major One Health challenges, facilitate the exchange of cutting-edge research, and highlight policy developments shaping the future of health for humans, animals, and the environment. Through an open call for abstracts, groundbreaking work from distinguished scientists and thought leaders will take center stage.

Let's keep the momentum going and make the next 9th World One Health Congress in 2026 an even greater success. Together, WE ARE One Health!
