Cross Connection Control Specialist Exam Review (2 days)- Virtual

08:30 AM - 04:30 PM PST

At this 2-day course, we will review the information needed to prepare the attendee for the CCCS Exam. We will discuss how cross connections affect public health, the potential risks and liabilities, how to conduct surveys and carry out enforcement actions, the two types of hydraulic condition which cause backflow, and backflow prevention assemblies and their applications.

Taught by Backflow Management Inc

CEUs: 1.4 CEUs Water

Costs: Members \$225 / Non Members \$300

**Class will close 1 week before starting date*

February 19, 2026

Lead & Copper & Revision - Virtual

09:00 AM - 04:00 PM PST

Attendees will revisit the Lead & Copper Rule regulation and what they should be doing today and learn what is new.

Taught by John Schwartz with USABlueBook

0.6 Water CEUs

Costs: \$160 Members

Math Made Easy- Shelton

Chehalis Regional Water Reclamation Facility

420 NW Louisiana Ave

Chehalis, WA 98532

09:00 AM - 04:30 PM PST

Math is an important part of operational issues that face both water and wastewater operators.

Knowing the correct formulas and how to decipher the number is critical in determining pipe length, volume & chemical dosage.

Taught by Shantelle Clarke

CEUS: 0.6 Water and Wastewater

Costs: \$160 Members

\$190 Non Members

No cost for Enhanced Members

All disciplines: Apprenticeship Year 1 / QUEST (this is a remake class for Apprentices / QUEST who did not attend at August Conference)

April 14, 2026

Cross Connection Control and Backflow Basics- Chehalis

Chehalis Regional Water Reclamation Facility

420 NW Louisiana Ave

Chehalis, WA 98532

08:30 AM - 04:30 PM PST

This training will provide an introduction of a backflow and an understanding of hydraulics. We will go over the types of cross connections, assemblies, types of hazards and assembly applications and installation procedures.

Taught by John Schwartz with USABlueBook

Hands on Your Control Valves: Function, Maintenance, Troubleshooting- Port Ludlow

Chehalis Regional Water Reclamation Facility

420 NW Louisiana Ave

Chehalis, WA 98532

08:30 AM - 04:30 PM PST

Engineers and operators alike will learn the "ins" and "outs" of hydraulic control valves. This discussion begins with basic hydraulics and how hydraulics automatically operate control valves to manage system pressure. The 6 hour hands on session will demonstrate valve and pilot internals, troubleshooting, maintenance, and managing a complete control valve system.
