2026 PA Cattlemen's Annual Meeting

Blair County Convention Center

1 Convention Center Drive

Altoona, PA 16602

10:00 AM - 09:30 PM EST

Come join your fellow Pennsylvania Cattlemen's enthusiasts as we celebrate the state's most vital industry! We will be hearing from Dr. John Currin from Virginia Tech on important benchmarks to measure in your herd, and we'll have Scott Rhoads and Levi Guyer (both from USDA) talk to us about market predictions and how to prepare for upcoming changes. This year, we will also be hosting our first-ever Pennsylvania Junior Cattlemen's meeting, along with a special junior BQA certification session. Our featured speaker is Mark Gardiner of Gardiner Angus Ranch in Ashland, Kansas. Mark brings a unique perspective to the industry and will be addressing both the junior meeting, and the banquet session. As usual, we will be honoring our junior scholarship winners, adult BQA winners, and have a great silent auction onhand to benefit future scholarship programs. Come out and join us!
