**TAHPERD U Workshop:
Outdoor Pursuits**

08:30 AM - 03:30 PM CST

Introducing TAHPERD U: Professional Learning, Reimagined.

Outdoor Pursuits | The First Course in the Series

Professional development should solve real problems—not just spark ideas.

That's why TAHPERD is launching TAHPERD U—a new model of highly focused, instructionally-driven learning designed to meet the exact needs of today's HPERD professionals.

Kicking off this series is our first flagship workshop: Outdoor Pursuits.

This experience is built for immediate application. Whether you're looking to enhance your program or fully implement the high school Outdoor Pursuits course, this workshop provides the tools, structure, and confidence to make it happen. Hands-on sessions, real-world strategies, and a dedicated course-specific pathway ensure you leave not just inspired—but ready.

Participants who complete the course-aligned track gain access to the Outdoor Pursuits Community, unlocking:

*Ready-to-use scopes & sequences
Unit and lesson design support
Discounted equipment access
Ongoing collaboration through message boards
Continued guidance beyond the workshop*

TAHPERD U isn't just professional development—it's where implementation begins.
